Bio

I am young in spirit, approachable, friendly. I pride myself on my professional approach. I always bring creativity, physical awareness and enthusiasm into each job I do. My diverse experience in all aspects of the commercial world in front of the camera has given me the impetus and passion to carry on learning and being involved. I have and continue to train in all aspects of film (screen acting), particularly in the last few years and I have completed several courses on screen acting masterclasses, method techniques and styles. I love to be involved in film, tv and commercial work.

Having trained in film screen acting, I am looking for roles for exciting characters to play.
